

SOMERVILLE NEIGHBORHOOD SCHOOL ADVOCACY

Keep Somerville's *Neighborhood* Schools

Build 690, not 925

The city is deciding the size of the new Winter Hill school, and that decision determines whether **the Brown School**, the city's last K-5 option, stays open.

A 925-seat mega-school **requires closing Brown** and redistricting students across longer, less walkable routes. A 690-seat school keeps both, and keeps the neighborhood-school model families chose Somerville for.

The School Committee vote already happened. **The next decision point is the PSR submission this August** — which is why your voice matters now.

Our community deserves a right-sized school — not a mega-school.
